We realise that every client is different and therefore has unique needs when it comes to glazing. Our staff work closely with our clients to understand the dynamics of their business and develop the right glazing solution to suit their needs.

WHO WE ARE ...

The Glass Workx Story

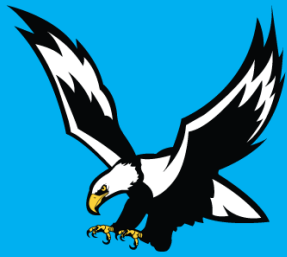

Our story began in 1986. Back then, we started with one man, a shed and an iconic Holden ute.

Today, we are privileged to connect with hundreds of people every day with our range of high quality products, a factory based in Osborne Park, Western Australia, five specialized vehicles and service oriented staff.

Folklore

Our logo is a hawk. This came about because our founder was a die-hard AFL Hawthorn FC supporter. But his love of the hawk really started much earlier, when he attended Mount Hawthorn Primary School, Western Australia - so we can forgive his AFL digression!

MISSION

To bring inspiration and innovation to residential and commercial glass design, one project at a time.

VISION

To provide high quality glazing products, cause no unnecessary harm and use business to inspire creative solutions.

VALUES

- ♦ *Passion is at the heart of our company. We are continuously moving forward, innovating and improving.*
- ♦ *We dare to be different.*
- ♦ *We are adventurous, creative and open-minded.*
- ♦ *We strive to do more with less.*
